

Problem Statement

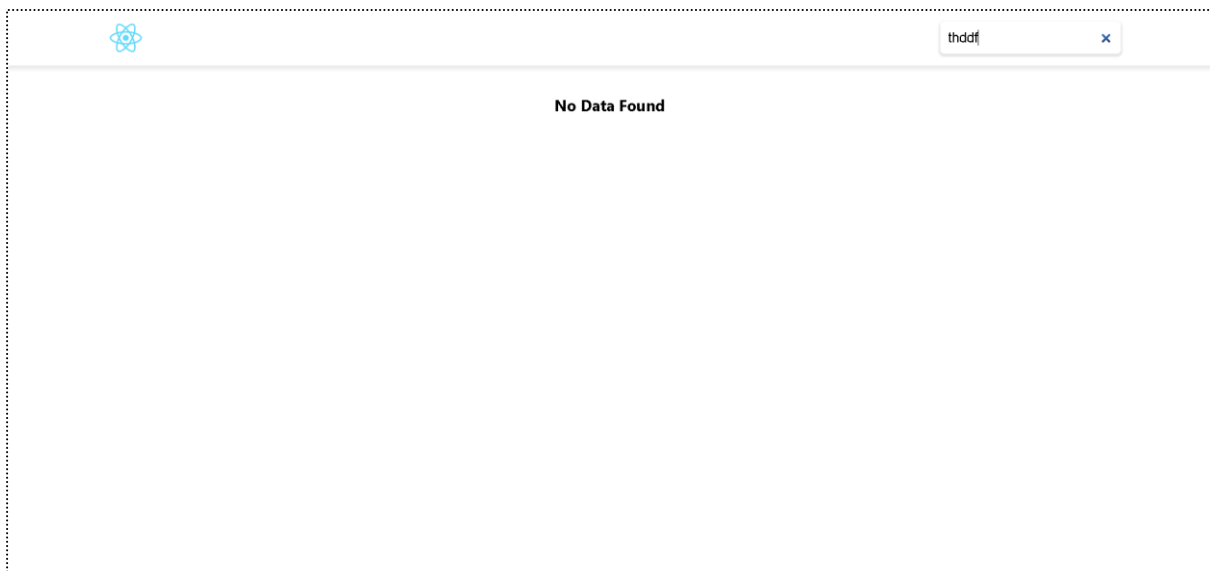

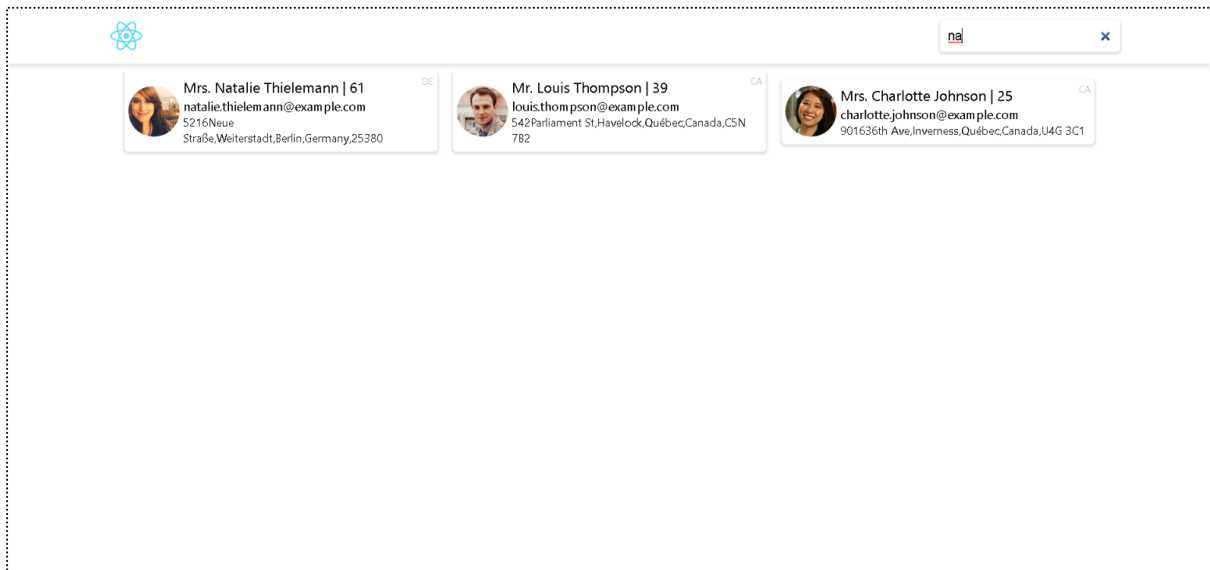

You are provided with the **UI screenshots & API URL**, using which you have to build a functional front-end design in **react js**.

API URL: <https://randomuser.me/api/?results=15>

Develop **reusable, responsive & scalable** front-end design for simple **search functionality**

As shown in below UI screenshots

Submission:

Submit (zip) your code along with UI screenshots.

Note: Do not install any external libraries.
